Two women shot to death in trailer near Brass Anchor

By BRENDA HEATHCOCK
Two Hancock County women were killed early Tuesday morning in their mobile home located adjacent to the Brass Anchor Lounge on US-90 in an apparent robbery-murder. The bodies of Jeannette Holden, 44, and her mother, Dorothy G. Tassin, 66, were discovered approximately 11:30 a.m. Tuesday by Holden's daughter, Tessie Gross.

Hancock County Sheriff Ronald Peterson said, both women were apparently shot at close range in the trailer.

Holden was found in the bedroom on the side of the bed and Tassin was in the hallway, he added.

"Apparently they were still sleeping or had just gotten up because both women were still wearing nightgowns," Peterson said.

An autopsy revealed that both women were shot in the head with a

.32 caliber handgun, according to Hancock County Medical Examiner Harold Stiglet.

Time of death is estimated to have been between 6 and 7 a.m., he added.

"Both women were shot at very close range," Stiglet said.

According to Peterson there was

no sign of forced entry to the trailer door which was unlocked when Gross arrived.

Holden was the owner and operator of the Brass Anchor.

Both the back and front doors to the lounge were also discovered to be unlocked.

Peterson said this was contrary to Holden's reported habit of keeping the doors secured at all times.

A brief inventory by family members revealed some jewelry and money may be missing, he added.

Bay school board names Wagner as architect

BY DENA BISNETTE
Bay St. Louis-Waveland School Board has selected an architect for a proposed long-range building program.

Wagner of Bay St. Louis was selected on a four-to-one vote Monday night with little discussion.

Board member Linda Penrose, one of the two elected board members, asked for a secret ballot matter but withdrew her motion after objections from the other members.

Board Attorney Lucien Gex said, "I don't see why we can't do it" but

cautioned the board against use of a secret ballot.

Gex said he felt the nature of the business involved warranted a public decision and received applause from some of the spectators at the meeting.

Board member J. Cyril Glover then made a motion to hire Wagner and was seconded by Reginald Robinson.

Glover, Robinson, Penrose and Board President Betty Diboll voted for Wagner. The other elected board member, L.D. Carter, cast the only vote against the architect.

The board agreed that Superintendent Roger Oge should assist the board in working out a contract with Wagner.

The building program has been proposed to alleviate overcrowding in the district's four existing schools. All four schools and one satellite operation, St. Rose Fifth Grade Center, are presently operating at full capacity.

Exactly what will be included in the building program has not yet been determined. A needs assessment survey is still underway.

The decision drew objections from some of the spectators during a question-and-answer session at the end of the meeting.

Most of the questions involved what fee Wagner would charge and the fact that the decision to hire Wagner had been made without any board discussion of that fee.

In other business Monday, the board:

—Went into executive session for one student disciplinary hearing and voted to expel that student;

—Recognized school district secretaries for their service;

—Agreed to employ Shirley Haney as an English teacher at Bay Senior High;

—Agreed to employ three additional bus drivers;

—Took bids for two copy machines under advisement; and

—Accepted a bid of \$55,785 from South Central Roofing for repair of the Bay Junior High roof.

Two arrested for burglary, one for automobile theft

By BRENDA HEATHCOCK
A Moss Point man and Gulfport man were charged Monday with burglary after a Bay Police officer recovered them in a residence on Park Drive.

Regina Keyes, 38, of Moss Point arrested and charged with burglary and contributing to the delinquency of a minor, according to Detective Charles James.

Keyes was released on a bond in the Hancock County Jail.

The juvenile was released to the custody of his sister, he added.

AUTO THEFT

An unrelated incident, Steven

and, 18, of Hancock County turned

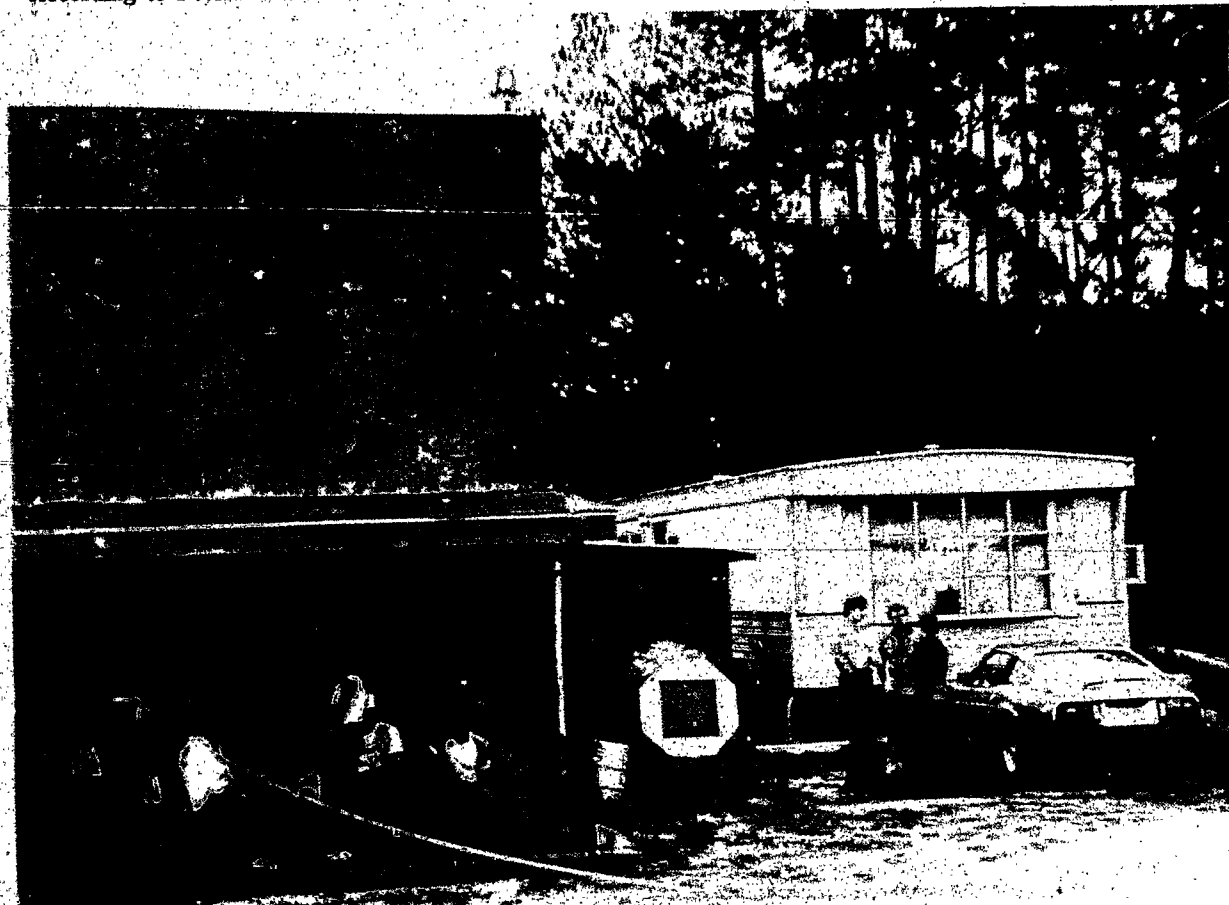

himself in Monday to Bay St. Louis police officials.

According to James, Laird admitted to the theft of a 1987 Dodge pickup truck which was taken from the Majik Market on US-90 and Washington Road Oct. 30.

The owner of the vehicle is Shawn Fridenstine of Bay St. Louis.

James said Laird turned the truck over to another person who reportedly transported the vehicle to Florida for disposal.

Police are searching for an adult, white male involved in the incident. Laird is being held in the Hancock County Jail.

Waveland principal objects to letter of reprimand

BY DENA BISNETTE
An administrator of one of the Bay St. Louis-Waveland District's schools has asked the school board to consider revoking a written reprimand from the Superintendent of Education.

Waveland Elementary School Principal James Baldree appeared before the board Monday to request that a letter of reprimand from Superintendent Roger Oge be removed from his personnel file.

The board heard Baldree's request and then took the matter under advisement for further study.

According to Baldree, the letter concerned Baldree's alleged failure to comply with a request from Oge for an updated roster of students.

Baldree read the letter, which included statements that Oge had been told the request "would not be complied with and could not because of the workload" on the school secretary.

The principal also quoted the letter as saying that refusal to comply "borders on insubordination."

The letter, according to the district's standard procedure, dictates that the letter be left in Baldree's file for one year, then removed if no further reprimands are added.

Baldree called the letter "very incorrect" and asked that the board consider taking it out of the file because he feels it was inappropriate for the superintendent to reprimand an administrator in this particular instance.

He also complained about two letters that criticize him for failing to collect inter-office mail promptly from the central office and for failing to submit minutes of faculty meetings.

Baldree explained that the request for the roster was "only a verbal message between two secretaries" and said it had been placed "on the back burner" after Oge had directed principals to give priority to preparation of accreditation reports due by Oct. 29, the same date given as deadline for the student roster.

He said he has only one secretary

at Waveland Elementary, the only school in the district with less than two, and that both jobs could not be completed in the allocated time.

The principal also reminded the board that a line item for a second secretary for the school was deleted from the current budget and that he has repeatedly appeared at board meetings to request additional secretarial help.

He said the minutes from the first faculty meeting, which was also a staff development meeting, were probably sent back to the school for a staff development file.

The minutes for the second faculty meeting are still at the home of a teacher who is typing them.

Baldree also explained that the procedure for collection of inter-

School board attorney questions validity of election procedure

BY DENA BISNETTE
The method used for selection of Bay St. Louis-Waveland School District Board members is governed by a statute that Board Attorney Lucien Gex considers unconstitutional, and the attorney has recommended that the board attempt to have the legislation changed.

Gex said Monday night that the statute violates the Voting Rights Act and he is "surprised that no one has challenged it before now."

The matter came up for discussion at Monday's board meeting when Superintendent of Education Roger Oge asked for board instructions regarding a letter from the Voting Rights Division of the U.S. Department of Justice.

According to Oge, the district apparently failed to request permission from the Voting Rights Division in the early 1970s when the board changed from four appointed members and one elected member to three appointed members and two elected members.

Permission should have been requested because the change diluted minority voting strength, the superintendent said.

Oge asked whether he should prepare a submission to the Justice Department in order to obtain retroactive approval.

He added that preparing any type of information for such a submission could create problems because the board's minute book from the early 1970s is missing.

The book contains about seven years of minutes and until recently was believed to be in a vault in the superintendent's offices with other minute books.

Oge said he learned from his secretary, Domenica Favre, that the book was missing and that a search of the vault had not resulted in recovery of the book.

None of the board members was able to provide any information regarding the book's whereabouts

office mail, which calls for it to be carried from one campus to another by teachers who change schools during the day, is based on board instructions.

The administrator, who has a total of 18 years of educational experience and 15 years as a principal, stated, "I have tried as hard as I can to work with the superintendents I have worked for and to respect their authority. I have never, in these 18 years, attempted or instigated any act of insubordination."

He also commented on the conduct of the public toward the school district.

"I will not be a party to some of the things we hear in our community that people are trying to stir up to undermine this district. I do not believe in it, and I will not be a party to it," Baldree said.

The board also took under advisement a request from Baldree for a specific description of his duties and responsibilities as kindergarten coordinator.

He said some changes have had to be made in the kindergarten program since the board's decision to have kindergarten classes at both Waveland and North Bay elementary schools, but the program is working well.

He said having the job description will help deter problems that may

either.

Gex said he agreed with Oge' that something should be done about the matter, but that a submission to the Justice Department would probably not be the best procedure to follow.

He said there are presently two options.

"You can either take action to change the legislation or somebody can sue the school board," the attorney said.

Gex said there is presently a provision allowing a request from a U.S. Attorney General that would set up separate election districts in the outside territory.

"That wouldn't solve the problem. We would still have only two elected trustees," he explained.

Gex also reported to the board that he is working on a request from the City of Waveland that asks for a fully elected board.

Gex also serves as attorney for the Waveland Board of Aldermen.

At present, three members are appointed by the City of Bay St. Louis

and two are elected from Waveland and a section of adjacent unincorporated area included in the school district.

The statute, section 37-7-203 of the Mississippi Code, requires that a municipal separate school district board consist of three city appointees and two elected members from the outside territory.

The number of elected members, under that statute, does not consider the student population of the outside area and does not vary whether or not that area includes a second municipality, as in the case of Waveland.

Gex said he does not know what the student population in the outside area of the Bay St. Louis-Waveland School District is, but it is more than 30 percent because a count taken 10 years ago indicated that percentage.

"Using any number for an example, a district could have, say, 80 percent of its students in the outside territory and they would still be represented by only two board trustees," the attorney explained.

"That, in my opinion, violates the one man, one vote concept," Gex explained.

"I think it's outrageous." He said he does not recommend a lawsuit to correct the problem because litigation can take several years.

He has discovered, however, a statute that shows that at least one municipal separate school district in Mississippi has a fully elected board and therefore believes that obtaining a local and private bill would be possible.

A local and private bill could probably be obtained during the next legislative session, which starts in January.

A change in general legislation might also be possible, the attorney said.

Gex said he feels that new legislation would be most effective because it might also clear up a second problem at the same time.

That problems deals with the boundaries of the school district.

Since those boundaries were established and the outside territory was added, the City of Waveland has expanded its boundaries to take in territory not in the school district.

The board of aldermen has asked that measures be taken to include the entire city limits in the district because some city residents presently have to attend Hancock County schools.

WOUNDED BIRD—A wounded American Egret, found by West Cedar Point residents and turned over to Audubon Zoo for intensive care two weeks ago, has prompted a request for a bird and game sanctuary in the West Cedar Point area. The bird, which is a protected species, did not survive injuries to a wing and leg that apparently resulted from gunshots. A petition regarding the sanctuary is expected to be presented to the supervisors at today's meeting.

County to consider bird sanctuary

BY DENA BISNETTE

The Hancock County Board of Supervisors is expected to receive a petition today requesting a bird and game sanctuary in West Cedar Point.

A group of West Cedar Point residents had appeared before the board at its Nov. 3 meeting to request information on establishing the sanctuary after becoming con-

cerned about shooting near residences.

A legal description of the sanctuary boundaries is to be presented along with the petition.

The residents also have become concerned because a wounded American Egret, a protected species, was found in the area for the proposed sanctuary.

BUCKY RAMOND AND AMY LADNER

Ladner-Ramond

Mr. James A. Ladner Sr. of Bay St. Louis announces the approaching marriage of his daughter, Amy Leigh Ladner, to Eugene (Buck) Ramond, son of Eugene Ramond Sr. and Carolyn Ramond, both of Bay St. Louis. Miss Ladner is the daughter of the late Barbara Ladner.

The bride-elect is a 1986 graduate of Hancock North Central High

School. She attended Pearl River Junior College.

Mr. Ramond is a graduate of Bay Senior High School. He is employed with Demoran's Air Conditioning and Appliances.

The couple will exchange vows November 15 in a 1 p.m. ceremony at St. John's Catholic Church. Family and friends are invited to attend.

Hearing scheduled for Bay recreational funding request

By BRENDA HEATHCOCK

A public hearing is being conducted Nov. 17 to allow Bay St. Louis residents an opportunity to speak and offer suggestions on an application for funds to improve the city's recreational facilities.

The application will be directed to the Bureau of Recreation and Parks of the Mississippi Department of Natural Resources.

A sum of \$32,000 is being requested and will be matched with the same

amount of local funds for the improvements, according to Bay St. Louis Parks and Playgrounds Director Frank Perniclaro.

Proposed improvements include, new playground equipment, special toddler's age equipment and resurfacing basketball and tennis courts.

The hearing will begin at 7 p.m. Monday at city hall.

Anyone interested in giving input into this application is urged to attend, Perniclaro added.

Bar operators arrested for conducting gambling

Operators of a Waveland bar were arrested Friday and charged with conducting gambling in a lounge with an Alcohol Beverage Control permit.

An ABC officer placed a bet on a football game while in Charles' and Ramonas', on 3124 Coleman Ave.,

Friday, according to ABC officer Mark Smith.

As a result of the bid, both Charles Lavinghouse and Jeanne S. Ramona Lavinghouse were arrested, he said.

Both were released pending trial in Waveland City Court, Smith added.

On Saturday night the Tigers of Bay High will tangle with the St. John Eagles in the Wendell Ladner Memorial Bowl at Hancock North Central stadium.

The Tigers with a record of 8-1, have won eight straight games, and the Eagles are 8-2 for the season. Both teams are only one notch apart in the state's top 20, so it should be a game of very evenly matched teams.

Since the regular high school football season is over with, it is hoped that in addition to Tiger and Eagles fans, the supporters of the Hawks, Roch-A-Chaws, and Pirates will help to overflow Hancock's stadium.

The bowl game is sponsored by the 50-Yard Booster Club of Hancock North Central.

Bay High has received good fan support this season, and Head Coach Cleveland Williams said he hopes many will be on hand Saturday night.

There have been some very exciting high school football games in the area this season.

Saturday's kickoff will be at 7 p.m., and we hope to see you at the Wendell Ladner Memorial Bowl game.

A local sport really on the increase in the area is soccer.

Soccer, which is the number one participation sport in the world is really making gains on the Mississippi Gulf Coast.

Players from our area have been on teams involved in title play in the Louisiana Classic this season. Many of our local soccer teams have also been involved in state title play.

The number of players are on the increase in soccer, as it is a sport played by all age groups.

We have witnessed several games, and they are filled with excitement, and all players participate. You may want to take the time to view a soccer game, or even have your children participate in the local programs.

Soccer may soon be joining the importance of football, basketball, baseball, and track when we think of sports.

Did you know that the Hancock County Food Pantry has fed 590 people (mostly children) since the organization's opening on May 19?

The Food Pantry is a very important agency for Hancock County, especially since so many people are without employment.

Foods for the Food Pantry are obtained through food contributions and money donations.

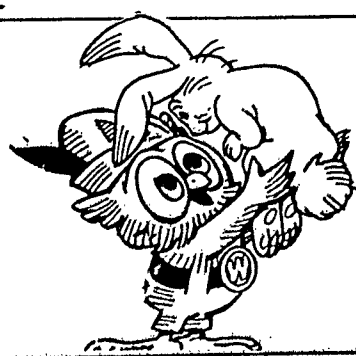

Some 60 volunteers have worked more than 1,000 hours at the Food Pantry.

Many of the area's churches are participating in helping supply the food pantry in addition to supplying volunteers.

Sunday, Dec. 7 has been designated a "Peanut Butter and Jelly Day" at local churches.

The Food Pantry distributes all types of foods to those in need on a temporary basis, and it is a tremendous asset to our community.

The Food Pantry is located at the Hancock Civil Defense office located in the old Valena C. Jones Complex.

Animals are your friends.

Eyes on Mississippi

By Bill Minor

A lot of people, especially Webb Franklin, underestimated Mike Espy. Now the new movie soon to open in the Magnolia State is entitled, "Mr. Espy Goes to Washington, and Mr. Franklin Comes Home."

Admittedly this writer had underestimated Mike Espy for a long time, after having known him the last few years around state government as a shy sort of fellow whom I would have never guessed could go anywhere in politics.

Back in the early spring I had lunch with Espy and he outlined his plan for winning the Democratic nomination in the 2nd Congressional District and then unseating Webb Franklin. It all sounded like an impossible naive idea.

But my opinion of Espy's capabilities in the political arena changes radically after the June Democratic primary when he demolished two well-financed white moderate opponents who had made a strong bid for black votes.

Even after he had won the Democratic nomination, few political observers gave him any chance of winning against the vast campaign resources the Republican Party would bring to bear to put down the latest black threat to Franklin.

The GOP had run a Robert Teeter poll in July which showed Franklin 20 or so points ahead. After that, the GOP and Franklin saw no need to do any more polling.

Significantly, neither did Espy have any polls done, primarily because it would take too much money out of his closely guarded funds. Instead, Espy stuck to his plan of keeping his campaign low-keyed so as not to rouse the opposition, and most of all, not to stir the embers of racial polarization.

Espy said the day following his election, "We had banked the gasoline money we had and we didn't let anybody touch it." The "gasoline money" is what got his voters to the polls on election day, and that was vital to his winning.

State Rep. Robert Clark had failed in both 1982 and 1984 to win the congressional seat that had been constructed by the federal courts as a "black" district because of his ineffective organization and inability to get out the black vote in the required numbers.

Also, Clark was able to attract only a fringe of die-hard white Democrats, while the more polished, articulate, younger Espy obviously did much better among whites.

In any case, Espy's smashing victory in unseating Franklin must go down as one of the greatest political success stories of all time in Mississippi.

It must also go down as a personal triumph for this decent, humble young man who had the courage to wage the battle when other better known politicians would not. Importantly, he was not hand-picked by any other black or other vested interest group.

Espy never let any of the civil rights organizations put their hands on his campaign, nor did he allow the AFL-CIO, which had taken over Clark's campaign in 1984, get a foothold in planning his strategy.

The fact that the Rev. Jesse Jackson did not show up to campaign for Espy during the general election race is more than coincidental.

Some Jackson loyalists in the Delta were eager to get the nationally known black spokesman into the campaign, but Espy resisted it.

Some close observers of the campaign believe if Jackson had been brought in during the last days, it would have very likely triggered enough of a white backlash to tip the election to Franklin.

Espy has already made some influential friends in the Democratic Party at the national level. That should open additional doors besides those already pried open by the sensational news that Mississippi, perceived as the nation's most racially intransigent state, has sent a black man to Congress.

In October, Espy was the guest of Clarksdale attorney Walter Thompson at the Democratic Gala in Washington where all the party brass gather annually. Thompson, a member of the Democratic National Finance Council, had Espy seated at the table with Joseph P. Kennedy, II who just won the Massachusetts congressional seat vacated by House Speaker Tip O'Neill.

The 34-year-old Kennedy, son of the late Attorney Gen. Robert Kennedy, with the magic of his name figures to become one of the rising new stars in the Democratic Party. He has been to Mississippi several times going back to the 1970s and Mississippians who have met Joe Kennedy say he is an exceptionally personable young man.

Espy and Kennedy quickly established excellent rapport, according to Thompson, who added: "I can only see good things for Mississippi coming from that friendship."

In the wake of his historic breakthrough victory Espy shies away from being regarded as a 'cause celebre' of his race.

He just wants to be regarded as Mike Espy, Mississippian. As he remarked the day after his victory, "the sun came up today as always."

Senate Bill names memorial to Vietnam vets

By SENATOR GENE TAYLOR

On Tuesday, Nov. 11, our nation observed Veterans Day.

It was a day to honor the sacrifices of the millions of Americans who have served their country in wartime, many of whom made the ultimate sacrifice in the defense of our country.

It is imperative that we never forget their sacrifice or the sacrifice of the parents, widows, brothers, sisters and children; far too many of them were left behind.

The anguish and agony experienced with the death of a loved one, or the knowledge that a family member is confronted with the threat of death on a daily basis brought the reality of war home to them as well.

During the last legislative session I was proud to have authored a bill which honors our most recent veterans, those who served in Vietnam.

Senate Concurrent Resolution No. 614, which was co-authored by the entire Senate, designated U.S. Interstate 10 within our state as The Vietnam Veterans Memorial Highway.

The veterans of Vietnam were, until then, the only veterans group not to have been honored in such a way.

Approximately 3,300,000 Americans, including thousands of Mississippians, served in the Vietnam War, of this number nearly 58,000 were killed and more than 303,000 were wounded.

Today there are approximately 519,000 disabled Vietnam veterans in the United States.

Between May 28, 1962, the date of the first known Mississippi casualty, and Jan. 8, 1973, the date of the last, 637 Mississippians died in the Vietnam War.

Thousands more were wounded and some are still listed as missing.

Often, as I sit and watch those legislators whose sole interests seem to be the legalization of profiteering from their offices, raising their own salaries and seeing how

many free meals they can get from the lobbyists, I wonder what those 637 Mississippians and the many more who were disabled would have thought. More importantly, I wonder what kind of positive impact they could have had if they had been able to serve in the legislature.

The continuing tragedy of all of our wars is that many of those who gave so much are not here to guide their country in peace.

It is my hope that their sacrifice, as well as the sacrifice of the families and friends left behind, may never be forgotten.

STATE OF MISSISSIPPI
SENATE CONCURRENT
RESOLUTION NO. 614

A CONCURRENT RESOLUTION TO DESIGNATE U.S. INTERSTATE 10 WITHIN THE STATE AS THE VIETNAM VETERANS MEMORIAL HIGHWAY.

BE IT RESOLVED BY THE SENATE OF THE STATE OF MISSISSIPPI, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN, That the Mississippi State Highway Commission designate U.S. Interstate 10 within the State of Mississippi as the "Vietnam Veterans Memorial Highway" in honor of and appreciation for such veterans' service to this country.

BE IT FURTHER RESOLVED, That the Mississippi State Highway Department erect appropriate signs at the rest areas along such highway within this state.

BE IT FURTHER RESOLVED, That a copy of this resolution be furnished the Mississippi State Highway Department.

Voters urged to vote in run-off election

Dear Editor,

The upcoming run-off election for the Beat Two County School Board seat is a matter of concern to me and should be to anyone interested in quality education for our children.

The business conducted by school board members is not only educationally important to the future of

our young people, but financially significant to each taxpayer.

These two reasons alone should spark the interest of the voting public in the candidates seeking that office.

With so much at stake, I urge each and every qualified voter to be sure and vote in the run-off election on Tuesday, Nov. 18.

Have furnace, chimney checked before beginning season's use

Homeowners should have their gas heating system checked for possible carbon monoxide problems, government safety experts have warned.

According to the U.S. Consumer Product Safety Commission, consumers should arrange for a qualified heating contractor to inspect the furnace, chimney and flue pipe for problems.

While chimneys are seldom checked during routine furnace servicing, CPSC said it is extremely important to have the chimney inspected for blockages, such as mortar loosening from chimney walls and birds' nests to prevent a buildup of carbon monoxide fumes in the house. Chimney sweeps are equipped to provide the service, if needed.

The government agency said people exposed to carbon monoxide fumes often show symptoms likened to "having the flu," including dizziness, fatigue, headaches, irregular breathing and nausea; cardiac pa-

tients may additionally experience angina symptoms.

Exposure to continued high doses of carbon monoxide can be fatal. If flu-like symptoms persist, homeowners should consider having their heating system checked.

Apart from routine furnace inspection, CPSC said home heating systems converted from oil to gas can also pose carbon monoxide problems. After the conversion, soot on chimney walls tends to loosen and fall to the base of the flue. If enough soot falls, it could block the exhaust from the gas furnace, thereby causing a buildup of carbon monoxide fumes in the house.

CPSC said homeowners who have converted from oil to gas should have the system checked now. If there is any accumulation of soot at the base of the flue, the chimney should be cleaned immediately.

Annual checks should be made at the start of the heating season each

fall until no more soot is found in the chimney.

If converting from oil to gas, have the chimney inspected when the new furnace is installed, then routinely each fall.

Duffie receives Americanism award

Florence Duffie of Bay St. Louis appeared this week on the WLOX Good Morning South Mississippi show when she received the Daughters of the American Revolution Americanism medal awarded by the National Society DAR for having achieved all requirements at local, state and national levels.

The award was presented by Joe Pilet of the Friendship Oak Chapter, chairman of the Americanism and Manual for Citizenship Committee who served as Mrs. Duffie's sponsor.

"This medal represents the highest honor our society can bestow a naturalized citizen of the United States," Pilet said, and explained the arduous requirements stipulated by the National Awards Committee.

The recipient of the award must be a naturalized citizen who has shown outstanding qualities of leadership, trustworthiness, patriotism and service to the community. Duffie's application included notarized supportive materials and an impressive number of letters of recommendation signed by prominent citizens.

Born in the Republic of Panama, Sara Florence Cale married Lewis D. Duffie in 1952, and came to the United States in 1954 through the Brooklyn Air Force Base in Mobile. She was naturalized in May of 1975.

"I discovered Florence as she sat in the Pass Christian park and demonstrated pottery making at a local fair," Pilet said. "I found her outgoing and eager to cooperate."

Wearing her native costume, the colorful "Pollera" with accessories of felt slippers and hat and adornments of old gold jewelry Duffie made an elegant and impressive appearance.

Listed among her current affiliations are active membership in the Mississippi Gulf Coast Craftsmen's Guild, the Dyed-in-the-Wool Weavers, the Tic-Toc Rounders (a dancing group of Gulfport), Home Maker's Club in Bay St. Louis, participant in Hancock County Library activities.

The Duffies live on Main Street in Bay St. Louis and Mrs. Duffie is owner-operator of the Back Yard Pottery. She specializes in wheel thrown high fired stoneware and creates unique designs. She has a large collection of molas, and is an appreciative student of pre-Columbian Art.

Pilet said: "I have been extremely fortunate in discovering two Americanism Award winners. Few

people ever qualify for this award. It takes years of preparation and a long period of verifying the applicants requirements. Last year Martha Van Peski qualified.

Both candidates had similar backgrounds in that both received a part of their education at Pearl River Junior College in Poplarville; both make their homes in Bay St. Louis, both are outstanding in community services, and both are eager to participate in continuing education programs."

"My job," Pilet said, "is to distribute the 'DAR Manual for citizenship' to those who wish to become naturalized citizens of the United States. This pamphlet is published as a public service by our National Society and is printed in English only.

Copies of the pamphlet may be found in all of our public libraries and give general information on how to apply for naturalization, a study of the Constitution of the United States, and was the responsibility of citizenship.

Senator Thom Cochran is dispatching his mobile office staff to six Mississippi Gulf Coast area counties on Nov. 18 and 19.

On Tuesday, Nov. 18, the Senator's mobile office staff will be at the Hancock County Courthouse in Bay St. Louis at 11 a.m., the Harrison County Courthouse in Gulfport at 2 p.m., and the Harrison Courthouse in Biloxi at 4 p.m.

On Wednesday, Nov. 19, the mobile office staff will be at the Jackson County Courthouse in Pascagoula at 9 a.m., the George County Courthouse in Lucedale at 11 a.m., and the Stone County Courthouse in Wiggins at 1:30 p.m.

Citizens who may wish to discuss an issue before Congress, or a case situation involving a federal agency, are invited to stop by and confer with the Senator's staff.

Interested persons should contact the Chancery Clerk's office for exact location at the courthouse in their respective area. The mobile office will be at each stop for approximately one hour.

The visits by Senator Cochran's mobile office staff on Nov. 18-19 to Bay St. Louis, Gulfport, Biloxi, Pascagoula, Lucedale and Wiggins are part of the constituent service program he initiated to help provide direct contact between his office and citizens and officials at the local level in Mississippi's 82 counties.

Directory interviewing to begin this week

Enumeration for the Bay St. Louis City Directory will begin this week, according to Olivia Milner, Executive Director of the Hancock County Chamber of Commerce.

"We want everyone to be aware that these interviewers will be calling or coming door-to-door to secure information," said Ms. Milner, "and they will be wearing a badge identifying themselves as an employee of R.L. Polk & Company."

The interviewers will be requesting a name, address, occupation, place of employment, telephone number (if listed), whether homeowner or renter at each address. All occupants 18 and older will be listed by name. Only the number of those under 18 will be obtained.

At those homes where no one is home when the interviewer calls, a form labeled "Important Request" will be left. It can be filled out and mailed to the address shown on the form.

"We urge all resident and businesses to cooperate with these enumerators in the interest of producing a complete and accurate City Directory for our area," concluded Milner.

The publishers of the directory, R. L. Polk & Company, of Richmond, Virginia, have been producing this reference book for the area since 1964.

Great American Smokeout not just for smokers

A person doesn't have to smoke tobacco to reap the attention and benefits of the American Cancer Society's Great American Smokeout.

In fact, the 10th anniversary of the nationwide event, Thursday, Nov. 20, could be a very special day for dippers and chewers.

Recently, the dangers of smokeless tobacco use have become so well-publicized that Kansas City Royals slugger George Brett, a longtime chewer, announced that he gave up the habit.

And, as a result of a new law, television and radio ads for smokeless tobacco have been banned. The same law requires that warning labels be printed on all packag-

ing starting next year.

Despite these measures, however, it has been estimated that as many as 22 million Americans use smokeless tobacco, and a recent study claims that 12 percent of college students nationwide dip or chew.

The same study reveals that 54 percent of these students believe that smokeless products are "less harmful" than cigarettes.

"It is very unfortunate that so many people believe they're using a safe product," said John Maxwell, honorary chairman of the American Cancer Society's Great American Smokeout. "Not only do users risk oral cancer, but they are also in danger of tooth loss, gum recession,

and other, very serious dental disorders."

According to Maxwell, dippers and chewers face other undesirable side effects from these products: nicotine addiction, bad breath, and impaired senses of smell and taste.

"There's no question that these products do harm," Maxwell said. "That's why we're hoping that all tobacco users will join the Great American Smokeout—just to prove to themselves that they can get off the hook from any habit."

For more information about smokeless tobacco use, as well as Smokeout activities in Mississippi, contact the American Cancer Society at 362-8874.

Public hearing slated on Bay school policies

BY DENA BISNETTE

The Bay-Waveland School District Board will hold a public hearing tonight on proposed new school board policies.

The policy changes are being proposed by Superintendent of Education Roger Oge to comply with Bulletin 171, a set of accreditation standards for public schools established by the State Department of Education as part of the implementation of the Education Reform Act of 1982.

Oge said the standards consist of specific procedures for conducting business and day-to-day operations of school districts.

The policies to be discussed fall

under the category of "active educational leadership" and deal mostly with the board and administration. They are part of the first of 36 sets of requirements that must be met to achieve accreditation, he added.

"Failure to achieve accreditation would ultimately result in a loss of funding," the superintendent said.

"Public hearings are not required per se. What is required is that the public have input into the development of policies, but that input doesn't necessarily have to take the form of a public hearing."

"I like public hearings because that format provides the opportunity for direct public comment."

Some of the policies deal with mat-

ters including the name of the district; keeping, publishing and making publicly available the minutes of board meetings; personnel appraisal systems; requirements placed on the superintendent; salaries and other matters that the district already has in effect, but must write down in order to meet accreditation requirements.

Others are new items, including the development of a five-year educational plan, minimum literacy standards for graduates and reduction of drop-out rates.

The hearing will begin at 7 p.m. in the boardroom at the superintendent's office.

Author Maya Angelou to speak at Jackson State University

Jackson State University will present "An Evening With Maya Angelou" on Friday, Nov. 21, at 7 p.m. in Dancy Hall Auditorium. Admission is free.

Angelou, author of the autobiographical bestseller and CBS television special, "I Know Why the Caged Bird Sings," will be the guest lecturer for the concluding program of the JSU humanities series, "The Afro-American: Viewing the Past from Mississippi."

JSU faculty and staff members will interpret Angelou's works and present a profile of her life during a symposium at 10 a.m. on Thursday, Nov. 20, in the H.T. Sampson Library Auditorium.

The JSU Readers Theatre Company, directed by Malena Dow, assistant professor of speech and dramatic art, will perform. The symposium is free and open to the public.

Nationally acclaimed as a writer, Angelou is the author of "Gather Together In My Name," "Singin'

and Swingin' and Gettin' Merry Like Christmas," "The Heart of a Woman," and four volumes of poetry, "Just Give Me a Cool Drink of Water 'Fore I Dile," "Oh Pray My Wings are Gonna Fit Me Well," "And Still I Rise," and "Shaker, Why Don't You Sing?"

Her most recent work, "All God's Children Need Traveling Shoes," was published in April. Her articles have appeared in "The New York Times," "Red book," and "Cosmopolitan."

A singer, educator, dancer, historian, lecturer, actress, producer, editor, songwriter and playwright, Angelou has appeared on numerous network and local television shows.

In 1981, Angelou was appointed the first Reynolds Professor of American Studies at Wake Forest University, Winston-Salem, N.C., a position she currently holds.

She has received many honorary doctorates, and is the recipient of the Yale University Chubb

Fellowship. In 1979 she was chosen "Woman of the Year in Communication" by the Ladies Home Journal and was among the magazine's "Top 100 Most Influential Women."

Dr. Lella G. Rhodes, dean of libraries and project director, said, "We are hoping that from our efforts we have created a heightened awareness of the role humanities plays in our lives."

We have tried to address the historical, sociological, literary and artistic developments of Afro-Americans and their impact on American Society."

The series, funded by the National Endowment for the Humanities and sponsored by the H.T. Sampson Library, has featured such noted humanities scholars as Lerone Bennett, senior editor of Ebony magazine; Elizabeth Catlett, internationally known sculptor; and Dr. Margaret Walker Alexander, noted author and poet.

For information on the humanities series finale, call the H.T. Sampson Library at 928-2123.

1986 Tax Reform Act holds retirement changes

MISSISSIPPI STATE—Changes in Individual Retirement Accounts are among the many changes in the 1986 Tax Reform Act. But other lesser-known provisions for retirement were also changed in the tax reform and will be taking effect in the next few years, according to Janet K. Lukens, an area consumer management specialist with the Mississippi Cooperative Extension Service.

"Overall the changes seem to make pensions more fair to lower-paid workers but the changes will end up making pensions more expensive for employers," Mrs. Lukens said.

For example, under the new tax law, employers must provide wider coverage and better benefits for lower paid employees, she said. Under present law, a qualified employer retirement plan must cover a minimum of 56 percent of its employees. Under the new law, 80 percent of employees must be covered for the employer's plan to qualify for tax-favored treatment.

"This will make it harder for plans to show preference to highly-paid executives," Mrs. Lukens said.

After 1986, nondiscrimination rules for employee contributions will be enacted. Highly paid employees will not be allowed to contribute disproportionately large amounts to retirement plans.

Some employer pension plans that are integrated with Social Security allow the pension benefit to be offset by the Social Security benefit. This provision affects all workers but is not as detrimental to higher-paid workers.

In the cases of some low-paid workers, up to 100 percent of the pension benefit is wiped out by the offset provision. This can leave the worker with only Social Security as retirement income.

"The new tax act will ensure that the final pension cannot be reduced by more than 50 percent in these integrated plans," Mrs. Lukens said.

The vesting requirements for qualified employer retirement plans will be reduced from 10 years to five years. This means employees will be eligible for benefits sooner.

Millions who don't get pension benefits due to job changes or short employment periods, such as women who quit work to raise a family, may receive benefits under the new law. This change will also add substantially to the overall costs

of pensions, she said. Under present law, lump-sum distributions from employer pension plans are eligible for special 10-year averaging. Ten-year averaging is repealed in the new tax law. A five-year averaging is provided for those 50 1/2 or older when they receive the lump-sum. This five-year averaging is available only once for an individual.

Special capital gains tax rates will be phased out over a six-year period of time. This change will also reduce the favorable treatment previously given lump-sum distributions.

Taxpayers 50 years old by Jan. 1, 1986, may choose between the new five-year averaging or 10-year averaging with capital gains treatment. Those falling in this category would not be affected by the six-year capital gains phase-out, Mrs. Lukens said.

There are changes for small businesses also. Currently, many small businesses use a retirement

device called a Simplified Employee Pension plan (SEP). Up to now, these plans only allowed the employer to make contributions. Beginning in 1987, the employee may contribute up to 47,000 of his own earnings to the plan. Contributions and the interest earned will be tax-deferred until retirement when most people are in lower tax brackets.

The retirement plan rule changes may be some of the most sweeping in the tax act, she said. They will affect individual retirement planning, employer pension benefits and overall tax planning.

Mrs. Lukens suggested that for 1986 and 1987, maximize retirement contributions now to get the greatest tax benefit. For the self-employed, consider establishing a basic retirement plan or Simplified Employee Pension plan. Those under age 50 on Jan. 1, 1986, should consider accelerating lump-sum distributions so they can qualify in 1986 for 10-year averaging.

Bay High to face St. John in first bowl since 1983

BY DENA BISNETTE

The Bay St. Louis Senior High Tigers will face the St. John Eagles Saturday in the Wendell Ladner Bowl at Hancock North Central.

The Tigers finished their regular season with an 8-1 record last week and formally accepted the bowl invitation on Tuesday.

According to Tiger Head Coach Cleveland Williams, St. John was once one of the Tigers' regular season opponents, but the Gulfport school was dropped from the Bay schedule after the 1984 game.

That 1984 game was a loss for the Tigers, the coach added. It was during Williams' first season as the Bay High coach.

The game will also be Williams' first Ladner Bowl, because the Tigers have not played in the bowl since 1983 when they faced Smith County's Raleigh High School.

"We are thrilled to be chosen to play in such a game," the coach

said. "The team is very excited about this."

Williams said being chosen to play in the bowl means more to the Tiger players because it is a local event.

"We were offered a choice between the Ladner Bowl and a game in Sikeston, Mo., and we felt it up to the boys," he said.

"They decided they would rather play in the Ladner because the person it represents was from Hancock County and we're a part of Hancock County ourselves."

"The bowl game could bring a lot of recognition to our players, especially the seniors. They are really looking forward to it, since it will be their last game."

Game time for the bowl will be 7:30 p.m. Advance tickets are on sale at Bay High for \$3 each and tickets at the gate are \$4 each.

Williams said the Tigers will need fan support for the event.

"The last time Bay High played in a bowl game the fan support wasn't there, but the support has been tremendous for the three years I have been here, especially for special events. We're hoping the stands will be packed Saturday night," the coach said.

"Without the fans, we wouldn't have made it this far."

Williams said the Eagles are expected to be a tough opponent.

"Coach Mike Gavin's Eagles are a fundamentally sound ballclub with a high defensive and offensive line. He has big running backs with both power and speed and their offensive attack is a Power-I," Williams said.

"The Eagles also have receivers who can catch the ball well."

"Their balanced attack has been successful for them this season, and they lost only two games, one to Hancock North Central 26-6 and one to Lumberton 21-17."

"Coach Gavin's ballclub is in the 2A class but it's considered a powerhouse by its opponents," the coach added.

"We have to respect his club and not overlook them by any means. The team's size is larger overall than the Tigers and they don't make mistakes."

Williams said St. John has a highly versatile offense that should be a challenge for the Bay High defense.

"We've worked hard against various defensive fronts on our offense, but we're not going to change anything that got us this far because changes this late would only hurt us," the coach added.

"We can attack our opponents with three offensive formations, Wing-T, I-Formation and Power-I. What we use will depend on their defensive fronts and how they are hurting us on offense."

Probable starters Saturday on offense include Dwayne Robertson, quarterback; Mark Haverly, fullback; Brian Lawrence, running back; Andrew Collins, wingback;

Dante Curry, split end; Robert Hargett, tight end; William Ross, center; Greg Necaise, guard; Jerry Island, guard; Goja Carter, tackle; and Courtney Laureys, tackle.

Defensive starters are expected to include Island, tackle; Amadee Collins, tackle; Carter, end; Hargett, end; Haverly, weak-side linebacker; Necaise, middle linebacker; Ross, strong-side linebacker; Wayne Karl, strong safety; Britt Woods, free safety; Curry, cornerback; and Quentin Bell, cornerback.

SSC basketball season to open Friday

A new era dawns upon St. Stanislaus basketball as Chuck Genin assumes the role of head varsity basketball coach. Assisting on the varsity level is Jerry Spell, who will also coach the Junior Varsity.

This Friday night the 1986-87 Rockachaw Basketball team will open their season against Long Beach in the new SSC gym. All former Rockachaw basketball players are invited to attend, as they will be introduced before the varsity contest.

Genin, a Bay St. Louis native, is a 1975 graduate of St. Stanislaus. During his basketball career under Coach Bob Cuccaro, Genin was an all-Conference and all-Tournament forward.

In his senior year, Genin was a member of the varsity team that won the Bay High Tournament and finished the season 21-6.

In 1980, Genin began his coaching

career at Hancock North Central, where he coached the ninth grade, Junior Varsity, and was a varsity assistant.

Last year Genin returned to his alma mater and guided the eighth grade basketball team to a 13-1 record, the best in the school's recent history.

"Our overall goal is to improve our district record and our overall performance," stated Genin. "In order to win we must execute our offensive and defensive plays with consistency."

Probable starters for Friday's varsity game include Louis Schuff and Steve Montagnet at forwards, John Keller and John Gross inside, and YaSin Shabazz and Josh Bowles handling the ball.

Other varsity team members include seniors Carter Stewart, John Winters, and Joe Welsh, and juniors Joe Lee, Brian Alexander, and Robert Brown.

Managers and statisticians include Stephen Cuevas, Jack Lightfoot, Kerry Burzeller, John Lazzara, Darren Hazeur, and Frederick Fondren.

Coach Jerry Spell's junior varsity squad includes Bert Dean, Scott Heitzmann, Freddie Wirstrom, David East, Jerry Fackrell, Andre Rollins, Shane Sigsworth, Francisco Colon, and C. J. Hazeur.

Coach Jerry Spell added, "We feel this year's basketball team will be greatly improved over last year's team. Many hours of preparation and practice have been spent for the new season."

"In order for us to win," Coach Spell said, "we must do three things: play sound fundamental basketball, play as a team, and play aggressive defense."

Coach Genin felt that HNC and George County will be the two toughest squads that the Rocks will

CHUCK GENIN

face in district competition.

In looking forward to the season, Genin replied, "The challenge is to mold them into a unified team, always looking for the open man. We must have the 'team first' attitude."

Coach Genin continued, "We're trying to revive basketball at SSC. At practice our team has been extremely enthusiastic. They want to perform well."

Tipoff for the Junior Varsity game Friday against Long Beach is 6:30, followed immediately by the varsity contest.

"We hope to see all SSC alumni and basketball fans at the game Friday. Since coach Bob Cuccaro (Long Beach's varsity coach) was the basketball coach at SSC for over 10 years, he will see a lot of his former players. It should be an enjoyable evening," Coach Genin concluded.

BAYS U-19 club accumulates five wins

The BAYS under-19 soccer team, sponsored by Alcan Cable, closed out its fall pre-season with three road victories.

They beat an inexperienced South Mississippi Soccer Club (SMSC) team by a score of 11 to 1.

They traveled to Piquette for a double-header, defeating an extremely skilled, rough Sildell Select team 3-1, and then easily defeated Piquette by a score of 4-0 last Sunday.

BAYS finished the pre-season with a record of five wins against one loss, losing against the Gulfport select team by a score of 3-2.

The offense, which scored 35 goals, was led by Shane Kowalski with 16. Battery mates included Joe Lee, Doug Rhodes, John Necaise, Jimmy Reisch, Paul Montjoy and Mike Shippey.

The defense was anchored by Scott Demboski and Chris Riggs, who helped keep the pressure off goalie Bart Brooks who allowed only three goals in six games.

Defense also included Eddie Bourgeois, Ronnie Peterson, Scott Kranky, Dave Bast, Michael Vegas and Henry Nixon.

"This is one of the most skilled teams I've ever coached," said Tom Demboski.

"They are well disciplined and highly motivated. We have young men here from Bay High, St. Stanislaus, Coast Episcopal and Hancock North Central playing as one cohesive, supportive unit. They really get along well together."

"If they continue these attitudes into the formal spring season, they will be a force to be reckoned with in Mississippi soccer," the coach added.

BAYS U-14 teams meet in state finals

Bay Area Youth Soccer Domino's Destroyers dominated the Nov. 8 and 9 state soccer tournament U-14 division at Pearl.

Three games won by Destroyers on Saturday were, Destroyers vs. Morton, 4-2; Destroyers vs. Southwest Ranking, 3-0; and Destroyers vs. Greenwood, 8-0.

The Sunday semi-final saw Destroyers take Meridian 4-2 in a close game. Two hours later the two BAYS teams met for the championship game.

Shane Burch scored the first goal for the Destroyers and Scott Barnes put the game away when he scored the second.

The midfield was dominated by Kevin Jacob and Scott Barnes. Wade Weidman and JoJo Campbell pressed the attack of the Tidal Wave goal while Lee Murphree shut down

the left flank.

Sandy Parker and Jason McArthur sealed up the middle, and Darin Rose stopped his fullback position.

Goalie Mickey Quinlan played to his 'all Pro' billing. Also seeing action were Sean Cassidy, James Reso, Scott Marechal, Michael Hargett, Phillip Allison, Anthony Lee, Dale Decamp, Martin Braud and Lawrence Coomer.

Coach Stan Weidman named Sandy Parker and Kevin Jacob Most Valuable Players of the tournament, and said, "This was the hardest fought soccer game we have been in this year."

He further commented, "It's a shame that both teams weren't awarded first place medals, because both teams played their hearts out." Final championship score was 2-1.

USM in season final against Florida State

The USM Golden Eagles go on the road for the final time Nov. 15, traveling to Tallahassee, Fla., to play Florida State. The nationally-ranked Seminoles and Eagles square off at 1:00 p.m. (CST) at FSU's 60,519 seat Campbell Stadium.

The record book show 17 meetings between the two schools, with the Seminoles leading by a 9-7-1 margin. Head coach Bobby Bowden's club won the last meeting in 1982 by a 24-17 count, however, the last time USM played at Campbell Stadium the Golden Eagles whipped FSU by a 58-14 score.

Florida State all-star candidates include leading rusher Victor Floyd who has better than 400 yards this

season and receiver Herb Gainer, who has better than 22 catches on the offense. Spearheading the 'Nole defense are cornerback Eric Williams and tackle Gerald Nichols.

Senior Vincent Alexander continues to lead the USM rushing attack, while quarterback Andrew Anderson averages over 95 yards a game of total offense. Linebacker Sidney Coleman and safety Collins Hess continue to lead the defense in tackles.

Tickets for the remaining game with Louisville (home) remain on sale at the athletic ticket office located at Green Coliseum. Tickets may be purchased there or ordered by telephone by calling 601-286-5418 or by using the in-state toll free number, 1-800-222-1605.

Soccer team seeking 5-year-old players

Bay Area Youth Soccer's Under-6 Team is seeking ten more five-year-old players.

Boys and girls who will be five by Dec. 31 are eligible, according to Coach Waddy LeBourgeois.

Interested players or parents may call Waveland Small Animal Clinic, 467-2366 between 9 a.m. and 5 p.m. or 467-3036 after 5 p.m.

Registration will close in two weeks in order to allow time to secure uniforms, the coach noted.

RUSHING RECORD

HATTIESBURG—The record for the most yards rushing by a Golden Eagle in a single game was set against Florida State in 1982, when Sam DeJarnette had 43 carries for 304 yards. That also established a single game mark for rushing attempts. Also in the records department, Florida State intercepted five USM passes in 1983, which ties for the record. Florida State also attempted a record 57 passes against USM in 1976.

ROAD TRIP

HATTIESBURG—When USM's Golden Eagles travel to Tallahassee, Fla., next Saturday to play the Seminoles of Florida State, it will be the seventh road trip in the last ten games for the road-weary Eagles. The last game of the season will be at home, however, against the Louisville Cardinals of coach Howard Schnellenberger.

FALL Motor maintenance

Up North there are several questions boaters have about winter storage of their motors. Even in the South, some nights can get pretty cold-as frost damage to orange crops can easily testify to!

Here are some tips from two bass pros and the experts at Outboard Marine Corporation (OMC) on how to prevent damage to your investment.

"One thing that can create a problem, and I've had trouble with, is to make sure all the water is drained out of the lower unit and other parts of the motor," cautions David Wharton, Johnson Pro Staff member.

Drain the geargrease in the lower unit and refill it with the manufacturer's recommended lubricant, the experts at OMC tell us. Geargrease lube is available in a variety of containers, from small tubes to gallons. If the lubricant looks like it's been leaking, have a service expert check it out. In fact, Evinrude and Johnson dealers often have fall/winter specials for servicing your motor.

"You should make sure your gas tank is full to prevent condensation in the tank," suggests Wharton. "In fact, you should fill your tank and add OMC's 2+4 Fuel Conditioner before storage here in the South."

Check the boat's battery. Make sure it's filled with water and fully charged. Clean the terminal posts and connectors so they are free of corrosion.

If you have an outboard with an oil injection system, check to make sure the oil tank is filled. Also check your owner's manual for any special maintenance the oil injection system might require.

According to Guido Hibdon, also a member of the Johnson Pro Staff, people in Missouri who put their motors up for the winter pull the plugs and add OMC's 2+4 Fuel Conditioner to guard against rust. Make sure your spark plugs are clean and gapped to specification. Also make sure the spark plug terminal connections and wiring are clean, unfayed and snug-fitting.

Check your propeller. If it is nicked, gouged or bent, take it to your dealer or prop shop for repair. If it's too far gone, put a new one on your Christmas list! Johnson and Evinrude owners might consider OMC's SST Raker stainless steel propellers, which offer greater durability than most aluminum props.

Here's a safety tip: Before removing your propeller, always shift your motor to neutral and remove the key from the ignition switch to prevent the motor from accidentally starting. If you have trouble loosening the propeller nut, try wedging a piece of 2 x 4 between the prop blade and the anti-ventilation plate to keep the prop from turning.

Before replacing the propeller, lube the prop shaft with grease as specified in your owner's manual. Also check around the base of the prop shaft for monofilament fishing line which may have become wrapped around the shaft. Be sure to check your owner's manual for any special instructions before installing the propeller.

With a proper preventive maintenance and service by authorized dealers, winter storage can be safe and economical. After all, you have an investment in your motor which should payoff year after year!

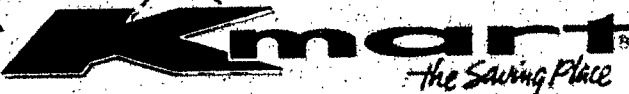

Here's a service tip from the experts at Outboard Marine Corporation, manufacturer of Johnson and Evinrude motors. Before winter storage, and several times each boating season, dab a little anti-corrosion grease on the steering cable ram of remote controlled outboards. The grease will help the steering work smooth and easy and keep it from seizing up during storage, according OMC.

Have a question you'd like a bass pro to answer? Jot it down and send it to "Bassin' with the Pros" at this newspaper. Answers to your questions will appear in a future column.

Bay native receives Gatorade Coach award

Alex Romanoff, a Starkville youth baseball coach for six years, has been selected as one of the nation's top ten volunteer youth coaches.

Romanoff is formerly of Bay St. Louis and the son of Mrs. Betty Romanoff.

Romanoff was named as one of ten Gatorade Youth Coach Award recipients. The award is presented annually to volunteer baseball and softball coaches who stress fun, sportsmanship and skill development before winning.

The ten award winners were nominated by fellow coaches, players, parents and league officials. Baseball and softball coaches of youngsters five to 16 years of age were eligible for the award. There are an estimated 950,000 volunteer baseball and softball coaches across the country who instruct some 9.3 million boys and girls in this age group.

Romanoff, a 37-year-old construction contractor, believes "the main purpose of summer baseball is to give kids an athletic experience they will enjoy and to give them the opportunity to develop their athletic skills."

The goal of the Gatorade Youth Coach Award program is to encourage coaches throughout the country to eliminate the psychological and emotional stress the kids sometimes experience in connection with youth sport participation. The program is administered by Pony Baseball and the National Youth Sports Coaches Association.

Since its inception, the Professional Baseball Athletic Trainers Society (PBATS) has been actively involved in promoting the award program and in recognizing the winners.

Romanoff will receive a personalized plaque, presented by PBATS, Gatorade's Thirst Quencher, sponsor of the award, the National Youth Sports Coaches Association and Pony Baseball. In addition, he becomes eligible to be selected as the National Youth Coach of the Year.

The Gatorade National Youth Coach Award winner will receive a trip for two to the fourth game of the World Series, scheduled for Oct. 22 in the American League host city.

CENTURY RIDE—Participating in the Century Ride, a round-trip bike trek from Pass Christian to Perkinston and back, are Cycle Plus Riding Club members, from

Players of the week listed

By BRENDA HEATHCOCK

Several area high school football players have been named Players of the Week for prep action last Friday.

Hancock North Central Split End Vincent Cuevas was included in the list of players honored for his "fine blocking all night" against the d'Iberville Warriors in the district championship game.

In addition to the blocking, Cuevas caught three passes for 46 yards.

Also from Hancock North Central, Senior Darryl Booker was named defensive player of the week.

Booker had five individual tackles and six assists. Head Coach Irvin Favre said Booker did a good job on defense throughout the game.

Mark Haverly and Robert Hargett of Bay Senior High Tigers are also players of the week.

Haverly had three individual tackles and 12 assists. He also intercepted two Stanislaus passes.

Hargett caught five passes and ran one for a 60-yard touchdown.

Stanislaus players Yassin Shabazz and Gino Ascani were named as the Rock-a-chaw Players of the Week.

The players were selected by program sponsors Trophies by Ricky Geoffrey and Loiacano's Health Club.

CEHS closes season with win

MIKE HART

The Coast Episcopal High School Raiders ended their season on a winning note at home, beating the Stewart Street Academy Conquerors 44 to 14.

It was the culmination of a frustrating season which saw the Raiders finish with three wins and six losses. However, the three wins came in the last three games which should give the team momentum and confidence going into next season.

The Raiders will only lose four seniors and should return a solid nucleus for next year.

Against the Conquerors, the Raiders pounded out 272 yards on the ground and 83 yards through the air to dominate their Florida opponent.

The Raiders held only a 21-14 edge at the half due to numerous penalties

that kept the Conquerors in the game. However, 23 unanswered points in the second half and a stingy defense swept the Conquerors to defeat.

Standouts for the game were Seniors Victor Marchese with 171 yards rushing, his second straight game over 100 yards. Sterling Thibodeaux added 53 yards rushing

and 78 yards more receiving. Henry Furr, Mike Hart, Ben Montjoy, Chris Riggs, and Scott Covode had solid performances on defense.

This was the last game for Seniors Victor Marchese, Henry Furr, John Gregory, and Bill Riggs. Each has performed excellently throughout the season and will be missed in next year's effort.

Bay Legion post to host annual oratorical contest

High school students of Bay St. Louis have been invited by The Clement R. Bontemps Post No. 139, American Legion to compete in the 50th annual National High School Oratorical Contest.

The invitation to enter the competition is extended by Bill Moran, post oratorical chairman.

The contest for Bay St. Louis students has been arranged with the full cooperation of local school officials, who will assist with the contest arrangements.

The subject in the prepared oration portion of the contest must be about some phase of the Constitution of the United States, emphasizing the duties and obligations of citizen to the United States government.

The prepared oration must be the original effort of each contestant and must be eight to ten minutes in length.

In addition to the awards by winners of the various elimination rounds of competition, university

scholarships of \$16,000, \$14,000, \$10,000 and \$8,000 will be awarded to the first through fourth places in the national finals.

Each state winner who competes in the regional contest will receive a \$1,000 scholarship.

Participants in each of four sectional contests who do advance to the national finals will receive an additional \$1,000 scholarship.

The top four youthful orators who have won all previous elimination rounds of the contest will vie for top honors in the 1987 National Finals on April 10 in Kansas City, Mo.

The American Legion will pay the expenses of state winners as they progress in national competition.

High School students in Bay St. Louis who are interested in entering the competition may obtain complete rules and contest information from high school principals, speech instructors or local American Legion posts.

College night set by Legion Auxiliary

A College night for juniors and seniors sponsored by the Clement R. Bontemps American Legion Auxiliary Unit 139 will be held on Wednesday, Nov. 19, 7 p.m. at the post home on Green Meadow Road, Bay St. Louis.

Agnes Wilkerson, spokesman for the auxiliary said, "This is an opportunity for high school juniors and senior to speak to college representatives."

Representatives from Millsaps, Jackson; University of Mississippi

(Ole Miss); Mississippi State University; Mississippi University for Women; Pearl River Junior College; University of South Alabama, Mobile; and Louisiana State University, Baton Rouge will be on hand to discuss admission procedures and financial assistances available.

There could be representatives also from other universities and colleges, Wilkerson stated, adding, "All high school juniors and seniors are urged and invited to attend."

USM spring registration underway

University of Southern Mississippi students began signing up for 1987 spring semester classes last week under a new computerized registration system that will be unique in the state.

"Students who register early will leave with their class schedules and hopefully will make arrangements to pay their fees," said USM Registrar Danny Montgomery. "Then, all they'll have to do is come back to class Jan. 12."

The new system called SHARP (Southern's Helpful Automated Registration Process) is designed to eliminate long waiting lines. Students will be able to select class schedules months in advance of the next semester during Nov. 3-19 registration by appointment in Room C of the University Union.

It is anticipated that by the 1987 summer term, a second stage of the system will be operational—allowing students to complete enrollment requirements from the comfort of

their homes by using a touch-tone telephone.

The registrar said students who register early will have until Jan. 5 to pay their fees by mail or Jan. 9 to pay in person. Arrangements for housing, food service, financial aid and other details also may be worked out in the early registration process.

Montgomery said the upcoming early registration of currently enrolled students for the spring term will be followed by regular registration from Jan. 7-9, and late registration or drop/add from Jan. 12-16.

Sam Clinton, manager of USM Business Services, said students may pay fees by leaving a check or credit card payment postdated for Jan. 5. Students also may pay their fees during regular registration and get their ID cards validated.

Clinton said students will only have to pay half of their tuition by Jan. 9 and they may use financial aid to cover that part of their tab.

Candidates vie for St. Clare Student Council slots

Todd White campaigns for his candidate during recess.

St. Clare School recently conducted elections for Student Council officers.

Those running for office submitted a petition signed by 25 students recommending them for office. Only registered voters were allowed to sign petitions.

Candidates campaigned for a week before elections.

Each candidate had to speak to the student body telling why they wanted to be elected.

On election day WLOX-TV filmed part of the process and interviewed the candidates.

Elected to Student Council are Rachel Fillingame, president; Summer Black, vice president; Amy Power, secretary; and Aimee Arnold, treasurer.

\$10,000 prize set for high school writing competition

A high school student will win \$10,000 in a writing competition now being staged in conjunction with the 200th anniversary celebration of the U.S. Constitution next year.

Open to all high school students in grades 9-12 during the 1988-89 school year, and to those aged 14-19 not enrolled in college, the competition will involve students from every state, the District of Columbia and the combined territories.

The competition is being co-sponsored by the Commission on the

Bicentennial of the United States Constitution, the American Bar Association and USA Today/Gannett Co., Inc.

The Constitution was signed on Sept. 17, 1787, in Philadelphia. To celebrate that event, the Bicentennial Commission, headed by Chief Justice Warren E. Burger, is coordinating activities throughout the nation.

Three winners will be selected from each state, the District of Columbia and the combined territories.

The first-place winners each will receive \$1,000; second-place winners, \$500; and third-place winners, \$250.

In addition, the first-place winners and a teacher or other adult will receive an all-expense paid, round trip to Washington, D.C., in September 1987 to meet the president, the chief justice, leaders of Congress and members of the Bicentennial Commission. At that time, the national winner will be (Continued on next page)

SCHOLARSHIP CONTRIBUTION—Pearl River College President Dr. Ted J. Alexander, center, recently received a \$6,000 check from members of the American Legion Post No. 77 in Waveland. Lin Rutherford, chairman of the Post 77 scholarship fund, presented Dr. Alexander the check to cover \$500 scholarships to 12 PRC students

from Hancock County. Ed Sauls, right, is the Waveland Post Commander. The Waveland American Legion is the largest contributor of independent scholarships to Pearl River College. The twelve \$500 scholarships are presented each semester.

Waveland American Legion presents 12 scholarships

Twelve Pearl River College students from Hancock County received \$500 each in scholarships from the American Legion Post Number 77 in Waveland. Lin Rutherford, chairman of the Post 77 scholarship fund, and Ed Sauls, Post Commander, were on the PRC campus recently to present a \$6,000 check to President Dr. Ted J.

Alexander. The Waveland American Legion is the largest contributor of independent scholarships to Pearl River College. The Post 77 donates the twelve \$500 scholarships each semester annually. Recipients of the scholarships are Debbie Burch, Wendy Sue Carver, Linus Haas, Patti Hester, Denise

Kemp, Jane Ladner, Carol Ladner, Donna Lee, Thomas Payolini, Janice Puchew and LaDonna Shiyon.

William Carey College on the Coast winter registration set Thursday

Opportunities for study in various areas will be offered at William Carey College on the Coast beginning Nov. 17.

Undergraduate programs are available from the college of arts and sciences, and the schools of business, education, music, and nursing. Graduate programs are also provided in business, counseling psychology, education, and music. Most classes are small to provide much personal attention.

Winter registration will be held Thursday, Nov. 13 from 1-6 p.m. in the Fairchild Administration Building on the campus in Gulfport. Students may call or visit prior to registration for counseling or advisement. Any students who cannot attend registration that are interested in enrolling for courses should call before Nov. 13 to reserve their place.

Student housing is now available at Carey on the Coast with new apartments for single or married students.

In addition, this school year marks the beginning of Carey's soccer team located on the Coast campus. The Crusaders are playing a full

schedule this fall and scholarships are available for next season. For information, call (601) 865-1500; or visit the campus on 01856 East Beach Drive in Gulfport.

Competition

(Continued from previous page) selected from among the first-place winners.

The topic for the competition is: "The Constitution: How Does The Separation of Powers Help Make It Work?"

Entries must be limited to 1,500 words, excluding footnotes, and must be typewritten or computer-generated (double-spaced) or written in legible longhand in ink. All entries must be accompanied by an official entry form and must include the original essay and two copies.

Teachers, students and parents seeking more information about the writing competition and wishing to obtain entry forms may send a postcard to the National Bicentennial Writing Competition, Box 50184, Washington, D.C. 20004-0184. The deadline for entries is April 15, 1987.

LISTED BELOW ARE THIS WEEK'S SPECIALS AT THE NEW DELCHAMPS.

You guessed it. Nothing. The New Delchamps doesn't have weekly specials. Instead, we have Everyday Minimum Pricing. Pricing that's absolutely lower on every item. Every day.

You see, in the long run, weekly specials don't really save you money. Because when a supermarket has specials, they have to keep the prices higher on everything that's not a special. So the money you thought you saved on the weekly special is lost on everything else.

The New Delchamps has eliminated these specials to bring you

EVERYDAY MINIMUM PRICING

ABSOLUTELY LOWER PRICING! S.M.

And when you see what you'll save on your total food bill, you'll be glad to see your last special.
